**anti-GDF10 antibody (AA 317-344) (HRP)**[Go to Product page](#)

## Overview

|                      |                                          |
|----------------------|------------------------------------------|
| Quantity:            | 200 µL                                   |
| Target:              | GDF10                                    |
| Binding Specificity: | AA 317-344                               |
| Reactivity:          | Human, Mouse                             |
| Host:                | Rabbit                                   |
| Clonality:           | Polyclonal                               |
| Conjugate:           | This GDF10 antibody is conjugated to HRP |
| Application:         | Western Blotting (WB), ELISA             |

## Product Details

|               |                                                                                                                                                                     |
|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                 |
| Specificity:  | This GDF10 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 317-344 amino acids from the Central region of human GDF10. |
| Purification: | Immunoaffinity purified                                                                                                                                             |

## Target Details

|                   |                                                |
|-------------------|------------------------------------------------|
| Target:           | GDF10                                          |
| Alternative Name: | GDF10 / BIP ( <a href="#">GDF10 Products</a> ) |
| Background:       | Name/Gene ID: GDF10<br>Family: TGF beta        |

## Target Details

Synonyms: GDF10, BMP-3b, Bone-inducing protein, BIP, BMP3B, Bone morphogenetic protein 3B, GDF-10

Gene ID: 2662

## Application Details

Application Notes: Approved: ELISA, WB

Usage: The applications listed have been tested for the base form of this product. Alternate forms, such as conjugated, azide-free, or ready-to-use, have not been tested.

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, pH 7.2. No preservative added (azide free)

Preservative: Azide free

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light.

Expiry Date: 6 months
