## anti-GNA11 antibody (AA 1-30) (FITC)

[Go to Product page](#)

### Overview

|                      |                                           |
|----------------------|-------------------------------------------|
| Quantity:            | 200 µL                                    |
| Target:              | GNA11                                     |
| Binding Specificity: | AA 1-30                                   |
| Reactivity:          | Human                                     |
| Host:                | Rabbit                                    |
| Clonality:           | Polyclonal                                |
| Conjugate:           | This GNA11 antibody is conjugated to FITC |
| Application:         | Western Blotting (WB), ELISA              |

### Product Details

|               |                                                                                                                                                                     |
|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                 |
| Specificity:  | This GNA11 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 1-30 amino acids from the N-terminal region of human GNA11. |
| Purification: | Affinity purified                                                                                                                                                   |

### Target Details

|                                                                       |                                          |
|-----------------------------------------------------------------------|------------------------------------------|
| Target:                                                               | GNA11                                    |
| Alternative Name:                                                     | GNA11 ( <a href="#">GNA11 Products</a> ) |
| Background:                                                           | Name/Gene ID: GNA11                      |
| Synonyms: GNA11, G-protein subunit alpha-11, GA11, GNA-11, G alpha-11 |                                          |

## Target Details

|           |                                           |
|-----------|-------------------------------------------|
| Gene ID:  | 2767                                      |
| Pathways: | <a href="#">G-protein mediated Events</a> |

## Application Details

|                    |                                                                                                                                                            |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: ELISA, WB<br><br>Usage: The applications listed have been tested for the unconjugated form of this product.<br>Other forms have not been tested. |
| Comment:           | Target Species of Antibody: Human                                                                                                                          |
| Restrictions:      | For Research Use only                                                                                                                                      |

## Handling

|                  |                                                                                                                                |
|------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                         |
| Concentration:   | Lot specific                                                                                                                   |
| Buffer:          | PBS, no preservatives added                                                                                                    |
| Preservative:    | Without preservative                                                                                                           |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:         | 4 °C,-20 °C                                                                                                                    |
| Storage Comment: | Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light. |
| Expiry Date:     | 6 months                                                                                                                       |
