## Overview

|                      |                                           |
|----------------------|-------------------------------------------|
| Quantity:            | 200 µL                                    |
| Target:              | GPR151                                    |
| Binding Specificity: | AA 352-381                                |
| Reactivity:          | Human                                     |
| Host:                | Rabbit                                    |
| Clonality:           | Polyclonal                                |
| Conjugate:           | This GPR151 antibody is conjugated to APC |
| Application:         | Western Blotting (WB), ELISA              |

## Product Details

|               |                                                                                                                                                                          |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                      |
| Specificity:  | This GPR151 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 352-381 amino acids from the C-terminal region of human GPR151. |
| Purification: | Protein A purified                                                                                                                                                       |

## Target Details

|                   |                                                             |
|-------------------|-------------------------------------------------------------|
| Target:           | GPR151                                                      |
| Alternative Name: | GPR151 ( <a href="#">GPR151 Products</a> )                  |
| Background:       | Name/Gene ID: GPR151<br>Subfamily: Orphan-U<br>Family: GPCR |

## Target Details

Synonyms: GPR151, AXOR40, G protein-coupled receptor 151, Galanin receptor 4, GALR4, GPCR-2037, HGPRBMY7, GALRL, PGR7

Gene ID: 134391

## Application Details

Application Notes: Approved: ELISA, WB

Usage: The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, no preservatives added

Preservative: Without preservative

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light.

Expiry Date: 6 months
