## anti-GPR97 antibody (AA 103-130) (PE)

### Overview

|                      |                                         |
|----------------------|-----------------------------------------|
| Quantity:            | 200 µL                                  |
| Target:              | GPR97                                   |
| Binding Specificity: | AA 103-130                              |
| Reactivity:          | Human                                   |
| Host:                | Rabbit                                  |
| Clonality:           | Polyclonal                              |
| Conjugate:           | This GPR97 antibody is conjugated to PE |
| Application:         | Western Blotting (WB), ELISA            |

### Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                    |
| Specificity:  | This GPR97 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 103-130 amino acids from the N-terminal region of human GPR97. |
| Purification: | Affinity purified                                                                                                                                                      |

### Target Details

|                   |                                                             |
|-------------------|-------------------------------------------------------------|
| Target:           | GPR97                                                       |
| Alternative Name: | ADGRG3 / GPR97 ( <a href="#">GPR97 Products</a> )           |
| Background:       | Name/Gene ID: ADGRG3<br>Subfamily: Orphan-B<br>Family: GPCR |

## Target Details

---

Synonyms: ADGRG3, G protein-coupled receptor 97, GPR97, PGR26, PB99

Gene ID: 222487

## Application Details

---

Application Notes: Approved: ELISA, WB

Usage: The applications listed have been tested for the unconjugated form of this product.  
Other forms have not been tested.

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

---

Format: Liquid

Concentration: Lot specific

Buffer: PBS, no preservatives added

Preservative: Without preservative

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light.

Expiry Date: 6 months
