

Datasheet for ABIN1900549

**anti-GSTO2 antibody (AA 82-110) (FITC)**[Go to Product page](#)

## Overview

|                      |                                                                                                            |
|----------------------|------------------------------------------------------------------------------------------------------------|
| Quantity:            | 200 µL                                                                                                     |
| Target:              | GSTO2                                                                                                      |
| Binding Specificity: | AA 82-110                                                                                                  |
| Reactivity:          | Human, Mouse                                                                                               |
| Host:                | Rabbit                                                                                                     |
| Clonality:           | Polyclonal                                                                                                 |
| Conjugate:           | This GSTO2 antibody is conjugated to FITC                                                                  |
| Application:         | Western Blotting (WB), ELISA, Immunofluorescence (IF), Flow Cytometry (FACS),<br>Immunocytochemistry (ICC) |

## Product Details

|               |                                                                                                                                                                    |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                |
| Specificity:  | This GSTO2 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 82-110 amino acids from the Central region of human GSTO2. |
| Purification: | Affinity purified                                                                                                                                                  |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | GSTO2                                    |
| Alternative Name: | GSTO2 ( <a href="#">GSTO2 Products</a> ) |
| Background:       | Name/Gene ID: GSTO2                      |

## Target Details

|          |                                                                 |
|----------|-----------------------------------------------------------------|
|          | Synonyms: GSTO2, BA127L20.1, GSTO 2-2, GSTO-2, MMA(V) reductase |
| Gene ID: | 119391                                                          |

## Application Details

|                    |                                                                                                                                 |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: ELISA, Flo, ICC, IF, WB                                                                                               |
|                    | Usage: The applications listed have been tested for the unconjugated form of this product.<br>Other forms have not been tested. |
| Comment:           | Target Species of Antibody: Human                                                                                               |
| Restrictions:      | For Research Use only                                                                                                           |

## Handling

|                  |                                                                                                                                |
|------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                         |
| Concentration:   | Lot specific                                                                                                                   |
| Buffer:          | PBS, no preservatives added                                                                                                    |
| Preservative:    | Without preservative                                                                                                           |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:         | 4 °C,-20 °C                                                                                                                    |
| Storage Comment: | Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light. |
| Expiry Date:     | 6 months                                                                                                                       |
