Datasheet for ABIN190059
anti-Morphine-6 antibody

Overview

Quantity:	0.5 mg
Target:	Morphine-6
Reactivity:	Please inquire
Host:	Mouse
Clonality:	Polyclonal
Conjugate:	This Morphine-6 antibody is un-conjugated
Application:	ELISA, Western Blotting (WB)

Product Details

Isotype:	IgG1
Purification:	Purified

Target Details

Target:	Morphine-6
Abstract:	Morphine-6 Products
Target Type:	Chemical

Application Details

Restrictions:	For Research Use only
