## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 0.1 mg                              |
| Target:              | PERP                                |
| Binding Specificity: | AA 175-193                          |
| Reactivity:          | Human, Mouse                        |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This PERP antibody is un-conjugated |
| Application:         | Western Blotting (WB)               |

## Product Details

|               |                     |
|---------------|---------------------|
| Purification: | Affinity - Purified |
|---------------|---------------------|

## Target Details

|                   |                                                                                                                 |
|-------------------|-----------------------------------------------------------------------------------------------------------------|
| Target:           | PERP                                                                                                            |
| Alternative Name: | PERP ( <a href="#">PERP Products</a> )                                                                          |
| Pathways:         | <a href="#">Cell-Cell Junction Organization</a> , <a href="#">Positive Regulation of Endopeptidase Activity</a> |

## Application Details

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|
