

Datasheet for ABIN1904208

**anti-HYAL2 antibody (AA 385-412) (APC)**[Go to Product page](#)

## Overview

|                      |                                                                                 |
|----------------------|---------------------------------------------------------------------------------|
| Quantity:            | 200 µL                                                                          |
| Target:              | HYAL2                                                                           |
| Binding Specificity: | AA 385-412                                                                      |
| Reactivity:          | Human                                                                           |
| Host:                | Rabbit                                                                          |
| Clonality:           | Polyclonal                                                                      |
| Conjugate:           | This HYAL2 antibody is conjugated to APC                                        |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), ELISA, Flow Cytometry (FACS) |

## Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                    |
| Specificity:  | This HYAL2 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 385-412 amino acids from the C-terminal region of human HYAL2. |
| Purification: | Protein A purified                                                                                                                                                     |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | HYAL2                                    |
| Alternative Name: | HYAL2 ( <a href="#">HYAL2 Products</a> ) |
| Background:       | Name/Gene ID: HYAL2                      |

Synonyms: HYAL2, Hyaluronidase-2, Hyal-2, Hyaluronidase 2, Lung carcinoma protein 2, LUCA2,

## Target Details

|           |                                                                                                                      |
|-----------|----------------------------------------------------------------------------------------------------------------------|
|           | Lysosomal hyaluronidase, Hyaluronoglucosaminidase-2, PH20 homolog, LuCa-2, PH-20 homolog, Hyaluronoglucosaminidase 2 |
| Gene ID:  | 8692                                                                                                                 |
| Pathways: | <a href="#">Transition Metal Ion Homeostasis</a> , <a href="#">Glycosaminoglycan Metabolic Process</a>               |

## Application Details

|                    |                                                                                                                              |
|--------------------|------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: ELISA, Flo, IHC, WB                                                                                                |
|                    | Usage: The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested. |
| Comment:           | Target Species of Antibody: Human                                                                                            |
| Restrictions:      | For Research Use only                                                                                                        |

## Handling

|                  |                                                                                                                                |
|------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                         |
| Concentration:   | Lot specific                                                                                                                   |
| Buffer:          | PBS, no preservatives added                                                                                                    |
| Preservative:    | Without preservative                                                                                                           |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:         | 4 °C,-20 °C                                                                                                                    |
| Storage Comment: | Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light. |
| Expiry Date:     | 6 months                                                                                                                       |
