## Overview

|                      |                                           |
|----------------------|-------------------------------------------|
| Quantity:            | 200 µL                                    |
| Target:              | KLHL22                                    |
| Binding Specificity: | AA 586-614                                |
| Reactivity:          | Human, Mouse                              |
| Host:                | Rabbit                                    |
| Clonality:           | Polyclonal                                |
| Conjugate:           | This KLHL22 antibody is conjugated to HRP |
| Application:         | Western Blotting (WB), ELISA              |

## Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                    |
| Specificity:  | This KLH22 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 586-614 amino acids from the C-terminal region of human KLH22. |
| Purification: | Affinity purified                                                                                                                                                      |

## Target Details

|                   |                                                                             |
|-------------------|-----------------------------------------------------------------------------|
| Target:           | KLHL22                                                                      |
| Alternative Name: | KLHL22 ( <a href="#">KLHL22 Products</a> )                                  |
| Background:       | Name/Gene ID: KLHL22                                                        |
|                   | Synonyms: KLHL22, Kelch-like 22 (Drosophila), Kelch-like protein 22, KELCHL |

## Target Details

Gene ID: 84861

## Application Details

Application Notes: Approved: ELISA, WB

Usage: The applications listed have been tested for the base form of this product. Alternate forms, such as conjugated, azide-free, or ready-to-use, have not been tested.

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, no preservatives added

Preservative: Without preservative

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light.

Expiry Date: 6 months
