## Overview

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Quantity:            | 100 µL                                          |
| Target:              | KTN1                                            |
| Binding Specificity: | AA 1307-1357                                    |
| Reactivity:          | Human, Cow                                      |
| Host:                | Rabbit                                          |
| Clonality:           | Polyclonal                                      |
| Conjugate:           | This KTN1 antibody is un-conjugated             |
| Application:         | Western Blotting (WB), Immunoprecipitation (IP) |

## Product Details

|               |                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------|
| Specificity:  | Region between residue 1307 to 1357 of human Kinectin using the numbering given in entry NP_001072989.1 (GeneID 3895). |
| Purification: | Immunoaffinity purified                                                                                                |

## Target Details

|                   |                                                                                                                                                     |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | KTN1                                                                                                                                                |
| Alternative Name: | KTN1 / Kinectin ( <a href="#">KTN1 Products</a> )                                                                                                   |
| Background:       | Name/Gene ID: KTN1<br><br>Synonyms: KTN1, CG-1 antigen, CG1, Kinesin receptor, Kinectin, KNT, KIAA0004, Kinectin 1 (kinesin receptor), MU-RMS-40.19 |

## Target Details

Gene ID: 3895

## Application Details

Application Notes: Approved: IP (2 - 10 µg/mg lysate), WB (1:2000 - 1:10000)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: Tris-citrate/phosphate buffer, pH 7-8, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C

Storage Comment: Store at 2-8°C for up to 1 year.

Expiry Date: 12 months
