## **anti-LETM1 antibody (AA 577-607) (HRP)**

[Go to Product page](#)

### Overview

|                      |                                          |
|----------------------|------------------------------------------|
| Quantity:            | 200 µL                                   |
| Target:              | LETM1                                    |
| Binding Specificity: | AA 577-607                               |
| Reactivity:          | Human                                    |
| Host:                | Rabbit                                   |
| Clonality:           | Polyclonal                               |
| Conjugate:           | This LETM1 antibody is conjugated to HRP |
| Application:         | Western Blotting (WB), ELISA             |

### Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                    |
| Specificity:  | This LETM1 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 577-607 amino acids from the C-terminal region of human LETM1. |
| Purification: | Affinity purified                                                                                                                                                      |

### Target Details

|                   |                                                           |
|-------------------|-----------------------------------------------------------|
| Target:           | LETM1                                                     |
| Alternative Name: | LETM1 ( <a href="#">LETM1 Products</a> )                  |
| Background:       | Name/Gene ID: LETM1<br><br>Synonyms: LETM1, Mdm38 homolog |

## Target Details

Gene ID: 3954

## Application Details

Application Notes: Approved: ELISA, WB

Usage: The applications listed have been tested for the base form of this product. Alternate forms, such as conjugated, azide-free, or ready-to-use, have not been tested.

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, no preservatives added

Preservative: Without preservative

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light.

Expiry Date: 6 months
