| Quantity:            | 200 μL                                      |
|----------------------|---|
| Target:              | MDFIC                                       |
| Binding Specificity: | AA 73-99                                    |
| Reactivity:          | Human                                       |
| Host:                | Rabbit                                      |
| Clonality:           | Polyclonal                                  |
| Conjugate:           | This MDFIC antibody is conjugated to Biotin |
| Application:         | ELISA, Western Blotting (WB)                |

| Product Details |  |
|-----------------|--|
| Isotype:        | IgG  |
| Specificity:    | This MDFIC antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 73-99 amino acids from the N-terminal region of human MDFIC. |
| Purification:   | Affinity purified  |
| Target Details  |  |
| Target:         | MDFIC  |

| Target:           | MDFIC                        |
|-------------------|------------------------------|
| Alternative Name: | MDFIC / HIC (MDFIC Products) |
| Background:       | Name/Gene ID: MDFIC          |
|                   | Synonyms: MDFIC, HIC         |

### **Target Details** 29969 Gene ID: **Application Details** Approved: ELISA, WB Application Notes: Usage: The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested. Target Species of Antibody: Human Comment: Restrictions: For Research Use only Handling Liquid Format: Concentration: Lot specific Buffer: PBS, pH 7.2, 0.09 % sodium azide. Preservative: Sodium azide Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. Handling Advice: Aliquot to avoid repeated freezing and thawing. Storage: 4 °C,-20 °C Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-

thaw cycles. Protect from light.

6 months
