## Overview

|                      |                                          |
|----------------------|------------------------------------------|
| Quantity:            | 200 µL                                   |
| Target:              | MMP11                                    |
| Binding Specificity: | AA 398-426                               |
| Reactivity:          | Human, Mouse                             |
| Host:                | Rabbit                                   |
| Clonality:           | Polyclonal                               |
| Conjugate:           | This MMP11 antibody is conjugated to HRP |
| Application:         | Western Blotting (WB), ELISA             |

## Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                    |
| Specificity:  | This MMP11 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 398-426 amino acids from the C-terminal region of human MMP11. |
| Purification: | Affinity purified                                                                                                                                                      |

## Target Details

|                   |                                                                             |
|-------------------|-----------------------------------------------------------------------------|
| Target:           | MMP11                                                                       |
| Alternative Name: | MMP11 / MMP-11 ( <a href="#">MMP11 Products</a> )                           |
| Background:       | Name/Gene ID: MMP11<br>Subfamily: Metallopeptidase M10A<br>Family: Protease |

## Target Details

Synonyms: MMP11, SL-3, Stromelysin III, Matrix metalloproteinase-11, MMP-11, ST3, STMY3, Stromelysin-3

Gene ID: 4320

## Application Details

Application Notes: Approved: ELISA, WB

Usage: The applications listed have been tested for the base form of this product. Alternate forms, such as conjugated, azide-free, or ready-to-use, have not been tested.

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, pH 7.2, azide-free.

Preservative: Azide free

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light.

Expiry Date: 6 months
