## Overview

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Quantity:            | 100 µL                                          |
| Target:              | NCOA1                                           |
| Binding Specificity: | AA 1400-1441, C-Term                            |
| Reactivity:          | Human, Mouse, Rat, Horse                        |
| Host:                | Rabbit                                          |
| Clonality:           | Polyclonal                                      |
| Conjugate:           | This NCOA1 antibody is un-conjugated            |
| Application:         | Western Blotting (WB), Immunoprecipitation (IP) |

## Product Details

|               |                                                                                                                                                                     |
|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                 |
| Specificity:  | Region between residue 1400 and the C-terminus (residue 1441) of human Nuclear Receptor Coactivator 1 using the numbering given in entry NP_003734.3 (GeneID 8648). |
| Purification: | Immunoaffinity purified                                                                                                                                             |

## Target Details

|                   |                                                                                                                       |
|-------------------|-----------------------------------------------------------------------------------------------------------------------|
| Target:           | NCOA1                                                                                                                 |
| Alternative Name: | NCOA1 / SRC-1 ( <a href="#">NCOA1 Products</a> )                                                                      |
| Background:       | Name/Gene ID: NCOA1<br><br>Synonyms: NCOA1, BHLHe42, BHLHe74, F-SRC-1, Hin-2 protein, Nuclear receptor coactivator 1, |

## Target Details

|           |                                                                                                                                                                                                                               |
|-----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|           | PAX3/NCOA1 fusion protein, KAT13A, Protein Hin-2, Steroid receptor coactivator 1, Steroid receptor coactivator-1, NCoA-1, RIP160, SRC-1, SRC1                                                                                 |
| Gene ID:  | 8648                                                                                                                                                                                                                          |
| Pathways: | <a href="#">Intracellular Steroid Hormone Receptor Signaling Pathway</a> , <a href="#">Nuclear Hormone Receptor Binding</a> , <a href="#">Chromatin Binding</a> , <a href="#">Regulation of Lipid Metabolism by PPARalpha</a> |

## Application Details

|                    |                                                          |
|--------------------|----------------------------------------------------------|
| Application Notes: | Approved: IP (1 - 4 µg/mg lysate), WB (1:1000 - 1:10000) |
| Comment:           | Target Species of Antibody: Human                        |
| Restrictions:      | For Research Use only                                    |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | Tris-citrate/phosphate buffer, pH 7-8, 0.09 % sodium azide.                                                            |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C                                                                                                                   |
| Storage Comment:   | Store at 2-8°C for up to 1 year.                                                                                       |
| Expiry Date:       | 12 months                                                                                                              |
