| Quantity:            | 200 µL                                   |
|----------------------|------------------------------------------|
| Target:              | NDOR1                                    |
| Binding Specificity: | AA 207-234                               |
| Reactivity:          | Human, Mouse                             |
| Host:                | Rabbit                                   |
| Clonality:           | Polyclonal                               |
| Conjugate:           | This NDOR1 antibody is conjugated to APC |
| Application:         | Western Blotting (WB), ELISA             |

## Product Details

| Isotype:      | lgG                                                                                                                                                                 |
|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specificity:  | This NDOR1 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 207-234 amino acids from the Central region of human NDOR1. |
| Purification: | Protein A purified                                                                                                                                                  |

## Target Details

| Target:           | NDOR1                  |
|-------------------|------------------------|
| Alternative Name: | NDOR1 (NDOR1 Products) |
| Background:       | Name/Gene ID: NDOR1    |

Synonyms: NDOR1, Novel reductase 1, NR1, BA350014.9

| Gene ID:            | 27158                                                                                                                              |
| Application Details |                                                                                                                                    |
| Application Notes:  | Approved: ELISA, WB                                                                                                                |
|                     | Usage: The applications listed have been tested for the unconjugated form of this product.<br>Other forms have not been tested.    |
| Comment:            | Target Species of Antibody: Human                                                                                                  |
| Restrictions:       | For Research Use only                                                                                                              |
| Handling            |                                                                                                                                    |
| Format:             | Liquid                                                                                                                             |
| Concentration:      | Lot specific                                                                                                                       |
| Buffer:             | PBS, no preservatives added                                                                                                        |
| Preservative:       | Without preservative                                                                                                               |
| Handling Advice:    | Aliquot to avoid repeated freezing and thawing.                                                                                    |
| Storage:            | 4 °C,-20 °C                                                                                                                        |
| Storage Comment:    | Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-<br>thaw cycles. Protect from light. |
| Expiry Date:        | 6 months                                                                                                                           |
