## Datasheet for ABIN1918263 anti-NPTXR antibody (AA 180-209) (Biotin)

### Overview

Quantity:	200 µL
Target:	NPTXR
Binding Specificity:	AA 180-209
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This NPTXR antibody is conjugated to Biotin
Application:	Western Blotting (WB), Immunohistochemistry (IHC), ELISA

### Product Details

Isotype:	IgG
Specificity:	This NPTXR antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 180-209 amino acids from the Central region of human NPTXR.
Purification:	Affinity purified

### Target Details

Target:	NPTXR
Alternative Name:	NPTXR / NPR ( <a href="#">NPTXR Products</a> )
Background:	Name/Gene ID: NPTXR
	Synonyms: NPTXR, NPR, Neuronal pentraxin receptor

## Target Details

Gene ID:	23467
----------	-------

## Application Details

Application Notes:	Approved: ELISA, IHC, WB
--------------------	--------------------------

Usage: The applications listed have been tested for the unconjugated form of this product.  
Other forms have not been tested.

Comment:	Target Species of Antibody: Human
----------	-----------------------------------

Restrictions:	For Research Use only
---------------	-----------------------

## Handling

Format:	Liquid
---------	--------

Concentration:	Lot specific
----------------	--------------

Buffer:	PBS, no preservatives added
---------	-----------------------------

Preservative:	Without preservative
---------------	----------------------

Handling Advice:	Aliquot to avoid repeated freezing and thawing.
------------------	-------------------------------------------------

Storage:	4 °C, -20 °C
----------	--------------

Storage Comment:	Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light.
------------------	--------------------------------------------------------------------------------------------------------------------------------

Expiry Date:	6 months
