## Overview

|                      |                                           |
|----------------------|-------------------------------------------|
| Quantity:            | 200 µL                                    |
| Target:              | OMP                                       |
| Binding Specificity: | AA 13-41                                  |
| Reactivity:          | Human                                     |
| Host:                | Rabbit                                    |
| Clonality:           | Polyclonal                                |
| Conjugate:           | This OMP antibody is conjugated to Biotin |
| Application:         | ELISA, Western Blotting (WB)              |

## Product Details

|               |                                                                                                                                                                  |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                              |
| Specificity:  | This OMP antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 13-41 amino acids from the N-terminal region of human OMP. |
| Purification: | Affinity purified                                                                                                                                                |

## Target Details

|                   |                                                                  |
|-------------------|------------------------------------------------------------------|
| Target:           | OMP                                                              |
| Alternative Name: | OMP ( <a href="#">OMP Products</a> )                             |
| Background:       | Name/Gene ID: OMP<br><br>Synonyms: OMP, Olfactory marker protein |

## Target Details

Gene ID: 4975

## Application Details

Application Notes: Approved: ELISA, WB

Usage: The applications listed have been tested for the unconjugated form of this product.  
Other forms have not been tested.

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, no preservatives added

Preservative: Without preservative

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light.

Expiry Date: 6 months
