### Overview

|                      |                                                                                                                |
|----------------------|----------------------------------------------------------------------------------------------------------------|
| Quantity:            | 400 µL                                                                                                         |
| Target:              | PIAS2                                                                                                          |
| Binding Specificity: | AA 1-30                                                                                                        |
| Reactivity:          | Human                                                                                                          |
| Host:                | Rabbit                                                                                                         |
| Clonality:           | Polyclonal                                                                                                     |
| Conjugate:           | This PIAS2 antibody is un-conjugated                                                                           |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)) |

### Product Details

|               |                                                                                                                                                                                       |
|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specificity:  | This PIAS2 (PIASx1) antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 1-30 amino acids from the C-terminal region of human PIAS2 (PIASx1). |
| Purification: | Ammonium sulfate precipitation                                                                                                                                                        |

### Target Details

|                   |                                                  |
|-------------------|--------------------------------------------------|
| Target:           | PIAS2                                            |
| Alternative Name: | PIAS2 / PIASX ( <a href="#">PIAS2 Products</a> ) |
| Background:       | Name/Gene ID: PIAS2                              |

## Target Details

|           |                                                                                                                                                                                                |
|-----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|           | Synonyms: PIAS2, ARIP3, DAB2-interacting protein, DIP, MIZ, MIZ1, PIAS-NY protein, PIASX, PIASX-ALPHA, PIASX-BETA, SIZ2, ZMIZ4, E3 SUMO-protein ligase PIAS2                                   |
| Gene ID:  | 9063                                                                                                                                                                                           |
| Pathways: | <a href="#">JAK-STAT Signaling</a> , <a href="#">Intracellular Steroid Hormone Receptor Signaling Pathway</a> , <a href="#">Regulation of Intracellular Steroid Hormone Receptor Signaling</a> |

## Application Details

|                    |                                                  |
|--------------------|--------------------------------------------------|
| Application Notes: | Approved: IHC, IHC-P (1:50 - 1:100), WB (1:1000) |
| Comment:           | Target Species of Antibody: Human                |
| Restrictions:      | For Research Use only                            |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, 0.09 % sodium azide                                                                                               |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C,-20 °C                                                                                                            |
| Storage Comment:   | Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.                               |
| Expiry Date:       | 6 months                                                                                                               |
