

Datasheet for ABIN1925977

**anti-PPP1R9B antibody (AA 24-53) (FITC)**[Go to Product page](#)

## Overview

|                      |                                             |
|----------------------|---------------------------------------------|
| Quantity:            | 200 µL                                      |
| Target:              | PPP1R9B                                     |
| Binding Specificity: | AA 24-53                                    |
| Reactivity:          | Human                                       |
| Host:                | Rabbit                                      |
| Clonality:           | Polyclonal                                  |
| Conjugate:           | This PPP1R9B antibody is conjugated to FITC |
| Application:         | Western Blotting (WB), ELISA                |

## Product Details

|               |                                                                                                                                                                          |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                      |
| Specificity:  | This PPP1R9B antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 24-53 amino acids from the N-terminal region of human PPP1R9B. |
| Purification: | Protein A purified                                                                                                                                                       |

## Target Details

|                   |                                                            |
|-------------------|------------------------------------------------------------|
| Target:           | PPP1R9B                                                    |
| Alternative Name: | PPP1R9B / Spinophilin ( <a href="#">PPP1R9B Products</a> ) |
| Background:       | Name/Gene ID: PPP1R9B                                      |

Synonyms: PPP1R9B, PPP1R9, Spinophilin, SPINO, Neurabin-2, Neurabin II, Neurabin-II, PPP1R6

### Target Details

|           |                                                                            |
|-----------|----------------------------------------------------------------------------|
| Gene ID:  | 84687                                                                      |
| Pathways: | <a href="#">Regulation of G-Protein Coupled Receptor Protein Signaling</a> |

### Application Details

|                    |                                                                                                                                                            |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: ELISA, WB<br><br>Usage: The applications listed have been tested for the unconjugated form of this product.<br>Other forms have not been tested. |
| Comment:           | Target Species of Antibody: Human                                                                                                                          |
| Restrictions:      | For Research Use only                                                                                                                                      |

### Handling

|                  |                                                                                                                                |
|------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                         |
| Concentration:   | Lot specific                                                                                                                   |
| Buffer:          | PBS, no preservatives added                                                                                                    |
| Preservative:    | Without preservative                                                                                                           |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:         | 4 °C,-20 °C                                                                                                                    |
| Storage Comment: | Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light. |
| Expiry Date:     | 6 months                                                                                                                       |
