## Overview

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Quantity:            | 100 µL                                          |
| Target:              | PSMF1                                           |
| Binding Specificity: | AA 150-200                                      |
| Reactivity:          | Human, Rabbit                                   |
| Host:                | Rabbit                                          |
| Clonality:           | Polyclonal                                      |
| Conjugate:           | This PSMF1 antibody is un-conjugated            |
| Application:         | Western Blotting (WB), Immunoprecipitation (IP) |

## Product Details

|               |                                                                                                                                                                      |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                  |
| Specificity:  | Region between residue 150 and 200 of human Proteasome (Prosome, Macropain) Activator Subunit 1 (PI31) using the numbering given in entry NP_848693.2 (GeneID 9491). |
| Purification: | Immunoaffinity purified                                                                                                                                              |

## Target Details

|                   |                                                         |
|-------------------|---------------------------------------------------------|
| Target:           | PSMF1                                                   |
| Alternative Name: | PSMF1 ( <a href="#">PSMF1 Products</a> )                |
| Background:       | Name/Gene ID: PSMF1<br><br>Synonyms: PSMF1, HPI31, PI31 |

## Target Details

Gene ID: 9491

Pathways: [Mitotic G1-G1/S Phases, DNA Replication, Synthesis of DNA](#)

## Application Details

Application Notes: Approved: IP (2 - 10 µg/mg lysate), WB (1:2000 - 1:10000)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: Tris-citrate/phosphate buffer, pH 7-8, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C

Storage Comment: Store at 2-8°C for up to 1 year.

Expiry Date: 12 months
