

Datasheet for ABIN1930316  
**anti-RFX1 antibody (AA 200-250)**

[Go to Product page](#)

## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 100 µL                              |
| Target:              | RFX1                                |
| Binding Specificity: | AA 200-250                          |
| Reactivity:          | Human, Monkey                       |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This RFX1 antibody is un-conjugated |
| Application:         | Immunoprecipitation (IP)            |

## Product Details

|               |                                                                                                                                  |
|---------------|----------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                              |
| Specificity:  | Region between residue 200 and 250 of human Regulatory Factor X, 1 using the numbering given in entry NP_002909.4 (GeneID 5989). |
| Purification: | Immunoaffinity purified                                                                                                          |

## Target Details

|                                                                                          |                                              |
|------------------------------------------------------------------------------------------|----------------------------------------------|
| Target:                                                                                  | RFX1                                         |
| Alternative Name:                                                                        | RFX / RFX1 ( <a href="#">RFX1 Products</a> ) |
| Background:                                                                              | Name/Gene ID: RFX1                           |
| Synonyms: RFX1, Enhancer factor C, EFC, Regulatory factor X 1, RFX, Transcription factor |                                              |

## Target Details

|           |                                                                           |
|-----------|---------------------------------------------------------------------------|
|           | RFX1, EF-C                                                                |
| Gene ID:  | 5989                                                                      |
| Pathways: | <a href="#">Human Leukocyte Antigen (HLA) in Adaptive Immune Response</a> |

## Application Details

|                    |                                   |
|--------------------|-----------------------------------|
| Application Notes: | Approved: IP (2 - 5 µg/mg lysate) |
|                    | Not recommended for: WB           |
| Comment:           | Target Species of Antibody: Human |
| Restrictions:      | For Research Use only             |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | Tris-citrate/phosphate buffer, pH 7-8, 0.09 % sodium azide.                                                            |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C                                                                                                                   |
| Storage Comment:   | Store at 2-8°C for up to 1 year.                                                                                       |
| Expiry Date:       | 12 months                                                                                                              |
