

Datasheet for ABIN1930901  
**anti-RNF5 antibody (AA 1-30) (HRP)**

[Go to Product page](#)

## Overview

|                      |                                         |
|----------------------|-----------------------------------------|
| Quantity:            | 200 µL                                  |
| Target:              | RNF5                                    |
| Binding Specificity: | AA 1-30                                 |
| Reactivity:          | Human                                   |
| Host:                | Rabbit                                  |
| Clonality:           | Polyclonal                              |
| Conjugate:           | This RNF5 antibody is conjugated to HRP |
| Application:         | Western Blotting (WB), ELISA            |

## Product Details

|               |                                                                                                                                                                   |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                               |
| Specificity:  | This RNF5 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 1-30 amino acids from the N-terminal region of human RNF5. |
| Purification: | Affinity purified                                                                                                                                                 |

## Target Details

|                                                                                         |                                               |
|-----------------------------------------------------------------------------------------|-----------------------------------------------|
| Target:                                                                                 | RNF5                                          |
| Alternative Name:                                                                       | RMA1 / RNF5 ( <a href="#">RNF5 Products</a> ) |
| Background:                                                                             | Name/Gene ID: RNF5                            |
| Synonyms: RNF5, G16, HsRma1, NG2, RING5, Protein G16, Ram1 homolog, RING finger protein |                                               |

### Target Details

|          |         |
|----------|---------|
|          | 5, RMA1 |
| Gene ID: | 6048    |

### Application Details

|                    |                                                                                                                                                                            |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: ELISA, WB                                                                                                                                                        |
|                    | Usage: The applications listed have been tested for the base form of this product. Alternate forms, such as conjugated, azide-free, or ready-to-use, have not been tested. |
| Comment:           | Target Species of Antibody: Human                                                                                                                                          |
| Restrictions:      | For Research Use only                                                                                                                                                      |

### Handling

|                  |                                                                                                                                |
|------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                         |
| Concentration:   | Lot specific                                                                                                                   |
| Buffer:          | PBS, pH 7.2, azide-free.                                                                                                       |
| Preservative:    | Azide free                                                                                                                     |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:         | 4 °C,-20 °C                                                                                                                    |
| Storage Comment: | Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light. |
| Expiry Date:     | 6 months                                                                                                                       |
