

Datasheet for ABIN1933772

**anti-Septin 2 antibody (AA 280-309) (PE)**[Go to Product page](#)

## Overview

|                      |                                            |
|----------------------|--------------------------------------------|
| Quantity:            | 200 µL                                     |
| Target:              | Septin 2 (SEPT2)                           |
| Binding Specificity: | AA 280-309                                 |
| Reactivity:          | Human                                      |
| Host:                | Rabbit                                     |
| Clonality:           | Polyclonal                                 |
| Conjugate:           | This Septin 2 antibody is conjugated to PE |
| Application:         | Western Blotting (WB), ELISA               |

## Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                    |
| Specificity:  | This SEPT2 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 280-309 amino acids from the C-terminal region of human SEPT2. |
| Purification: | Affinity purified                                                                                                                                                      |

## Target Details

|                                                                                     |                                                     |
|-------------------------------------------------------------------------------------|-----------------------------------------------------|
| Target:                                                                             | Septin 2 (SEPT2)                                    |
| Alternative Name:                                                                   | SEPT2 / Septin 2 ( <a href="#">SEPT2 Products</a> ) |
| Background:                                                                         | Name/Gene ID: SEPT2                                 |
| Synonyms: SEPT2, DIFF6, HNedd5, KIAA0158, NEDD5, Septin-2, Septin 2, NEDD-5, PNUTL3 |                                                     |

## Target Details

Gene ID: 4735

## Application Details

|                    |                                                                                                                                 |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: ELISA, WB                                                                                                             |
|                    | Usage: The applications listed have been tested for the unconjugated form of this product.<br>Other forms have not been tested. |
| Comment:           | Target Species of Antibody: Human                                                                                               |
| Restrictions:      | For Research Use only                                                                                                           |

## Handling

|                  |                                                                                                                                |
|------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                         |
| Concentration:   | Lot specific                                                                                                                   |
| Buffer:          | PBS, no preservatives added                                                                                                    |
| Preservative:    | Without preservative                                                                                                           |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:         | 4 °C, -20 °C                                                                                                                   |
| Storage Comment: | Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light. |
| Expiry Date:     | 6 months                                                                                                                       |
