

Datasheet for ABIN1935099  
**anti-SIN3A antibody (AA 375-425)**

[Go to Product page](#)

## Overview

|                      |                                                        |
|----------------------|--------------------------------------------------------|
| Quantity:            | 100 µL                                                 |
| Target:              | SIN3A                                                  |
| Binding Specificity: | AA 375-425                                             |
| Reactivity:          | Human, Mouse, Rat, Cow, Horse, Rabbit, Guinea Pig, Pig |
| Host:                | Rabbit                                                 |
| Clonality:           | Polyclonal                                             |
| Conjugate:           | This SIN3A antibody is un-conjugated                   |
| Application:         | Western Blotting (WB), Immunoprecipitation (IP)        |

## Product Details

|               |                                                                                                                           |
|---------------|---------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                       |
| Specificity:  | Region between residue 375 and 425 of human SIN3 homolog A using the numbering given in entry NP_056292.1 (GeneID 25942). |
| Purification: | Immunoaffinity purified                                                                                                   |

## Target Details

|                   |                                                                     |
|-------------------|---------------------------------------------------------------------|
| Target:           | SIN3A                                                               |
| Alternative Name: | SIN3A ( <a href="#">SIN3A Products</a> )                            |
| Background:       | Name/Gene ID: SIN3A<br><br>Synonyms: SIN3A, DKFZP434K2235, KIAA0700 |

### Target Details

|           |                                                                                                                                                                                                      |
|-----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Gene ID:  | 25942                                                                                                                                                                                                |

### Application Details

|                    |                                                          |
|--------------------|----------------------------------------------------------|
| Application Notes: | Approved: IP (2 - 5 µg/mg lysate), WB (1:2000 - 1:10000) |
| Comment:           | Target Species of Antibody: Human                        |
| Restrictions:      | For Research Use only                                    |

### Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | Tris-buffered saline, 0.1 % BSA, 0.09 % sodium azide.                                                                  |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C                                                                                                                   |
| Storage Comment:   | Store at 2-8°C for up to 1 year.                                                                                       |
| Expiry Date:       | 12 months                                                                                                              |
