| Overview             |  |
|----------------------|--|
| Quantity:            | 200 μL                                     |
| Target:              | SLC47A2                                    |
| Binding Specificity: | AA 125-153                                 |
| Reactivity:          | Human, Mouse                               |
| Host:                | Rabbit                                     |
| Clonality:           | Polyclonal                                 |
| Conjugate:           | This SLC47A2 antibody is conjugated to HRP |
| Application:         | Western Blotting (WB), ELISA               |
