

Datasheet for ABIN1938984

**anti-STK38 antibody (AA 410-439) (PE)**[Go to Product page](#)

## Overview

|                      |                                         |
|----------------------|-----------------------------------------|
| Quantity:            | 200 µL                                  |
| Target:              | STK38                                   |
| Binding Specificity: | AA 410-439                              |
| Reactivity:          | Human                                   |
| Host:                | Rabbit                                  |
| Clonality:           | Polyclonal                              |
| Conjugate:           | This STK38 antibody is conjugated to PE |
| Application:         | Western Blotting (WB), ELISA            |

## Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                    |
| Specificity:  | This STK38 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 410-439 amino acids from the C-terminal region of human STK38. |
| Purification: | Affinity purified                                                                                                                                                      |

## Target Details

|                   |                                                                      |
|-------------------|----------------------------------------------------------------------|
| Target:           | STK38                                                                |
| Alternative Name: | STK38 / NDR ( <a href="#">STK38 Products</a> )                       |
| Background:       | Name/Gene ID: STK38<br>Subfamily: NDR/LATS<br>Family: Protein Kinase |

## Target Details

Synonyms: STK38, NDR1 protein kinase, Nuclear Dbf2-related kinase 1, NDR1, NDR, Ndr protein kinase, Nuclear Dbf2-related 1, Serine/threonine kinase 38

Gene ID: 11329

## Application Details

Application Notes: Approved: ELISA, WB

Usage: The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, pH 7.2, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light.

Expiry Date: 6 months
