

Datasheet for ABIN1940352

**anti-TNKS2 antibody (AA 1126-1156) (Biotin)**[Go to Product page](#)

## Overview

|                      |                                                     |
|----------------------|-----------------------------------------------------|
| Quantity:            | 200 µL                                              |
| Target:              | TNKS2                                               |
| Binding Specificity: | AA 1126-1156                                        |
| Reactivity:          | Human, Mouse                                        |
| Host:                | Rabbit                                              |
| Clonality:           | Polyclonal                                          |
| Conjugate:           | This TNKS2 antibody is conjugated to Biotin         |
| Application:         | Western Blotting (WB), ELISA, Flow Cytometry (FACS) |

## Product Details

|               |                                                                                                                                                                            |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                        |
| Specificity:  | This Tnks 2 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 1126-1156 amino acids from the C-terminal region of human Tnks 2. |
| Purification: | Affinity purified                                                                                                                                                          |

## Target Details

|                                                                                     |                                                  |
|-------------------------------------------------------------------------------------|--------------------------------------------------|
| Target:                                                                             | TNKS2                                            |
| Alternative Name:                                                                   | TANK2 / TNKS2 ( <a href="#">TNKS2 Products</a> ) |
| Background:                                                                         | Name/Gene ID: TNKS2                              |
| Synonyms: TNKS2, PARP-5b, PARP-5c, Tankyrase 2, Tankyrase-2, TNKS-2, PARP5B, PART6, |                                                  |

## Target Details

|          |                                                                                             |
|----------|---------------------------------------------------------------------------------------------|
|          | Tankyrase-like protein, Tankyrase-related protein, ARTD6, TNKL, PARP5C, TANK2, Tankyrase II |
| Gene ID: | 80351                                                                                       |

## Application Details

|                    |                                                                                                                                 |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: ELISA, Flo, WB                                                                                                        |
|                    | Usage: The applications listed have been tested for the unconjugated form of this product.<br>Other forms have not been tested. |
| Comment:           | Target Species of Antibody: Human                                                                                               |
| Restrictions:      | For Research Use only                                                                                                           |

## Handling

|                  |                                                                                                                                |
|------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                         |
| Concentration:   | Lot specific                                                                                                                   |
| Buffer:          | PBS, no preservatives added                                                                                                    |
| Preservative:    | Without preservative                                                                                                           |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:         | 4 °C,-20 °C                                                                                                                    |
| Storage Comment: | Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light. |
| Expiry Date:     | 6 months                                                                                                                       |
