## Overview

|                      |                                                                                                                                                                               |
|----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                                                                                                                        |
| Target:              | TIMELESS                                                                                                                                                                      |
| Binding Specificity: | AA 1120-1170                                                                                                                                                                  |
| Reactivity:          | Human                                                                                                                                                                         |
| Host:                | Rabbit                                                                                                                                                                        |
| Clonality:           | Polyclonal                                                                                                                                                                    |
| Conjugate:           | This TIMELESS antibody is un-conjugated                                                                                                                                       |
| Application:         | Immunohistochemistry (IHC), Immunoprecipitation (IP), Immunofluorescence (IF),<br>Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)), Proximity Ligation Assay (PLA) |

## Product Details

|               |                                                                                                                      |
|---------------|----------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                  |
| Specificity:  | Region between residue 1120 and 1170 of human Timeless using the numbering given in entry NP_003911.1 (GeneID 8914). |
| Purification: | Immunoaffinity purified                                                                                              |

## Target Details

|                   |                                                      |
|-------------------|------------------------------------------------------|
| Target:           | TIMELESS                                             |
| Alternative Name: | TIMELESS / TIM ( <a href="#">TIMELESS Products</a> ) |
| Background:       | Name/Gene ID: TIMELESS                               |

## Target Details

|           |                                                                                                                                                                                |
|-----------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|           | Synonyms: TIMELESS, Timeless (Drosophila) homolog, Timeless circadian clock, TIMELESS1, TIM1, Protein timeless homolog, HTIM, TIM, Timeless homolog (Drosophila), Tof1 homolog |
| Gene ID:  | 8914                                                                                                                                                                           |
| Pathways: | <a href="#">Protein targeting to Nucleus</a> , <a href="#">Photoperiodism</a>                                                                                                  |

## Application Details

|                    |                                                                                                                                                                                                                                                                                                        |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: IF (1:100 - 1:500), IHC, IHC-P (1:200 - 1:1000), IP (2 - 5 µg/mg lysate), PLA (1:1000 - 1:10000)<br><br>Usage: Immunohistochemistry: Antigen retrieval with citrate buffer pH 6.0 is recommended for FFPE tissue sections. Human controls: Ovarian Carcinoma.<br><br>Not recommended for: WB |
| Comment:           | Target Species of Antibody: Human                                                                                                                                                                                                                                                                      |
| Restrictions:      | For Research Use only                                                                                                                                                                                                                                                                                  |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | Tris-citrate/phosphate buffer, pH 7-8, 0.09 % sodium azide.                                                            |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C                                                                                                                   |
| Storage Comment:   | Store at 2-8°C for up to 1 year.                                                                                       |
| Expiry Date:       | 12 months                                                                                                              |
