## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 200 µL                                                   |
| Target:              | TTBK1 (Ttbk1)                                            |
| Binding Specificity: | AA 230-258                                               |
| Reactivity:          | Human, Mouse                                             |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This TTBK1 antibody is conjugated to HRP                 |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC) |

## Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                    |
| Specificity:  | This TTBK1 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 230-258 amino acids from the N-terminal region of human TTBK1. |
| Purification: | Protein A purified                                                                                                                                                     |

## Target Details

|                   |                                                                  |
|-------------------|------------------------------------------------------------------|
| Target:           | TTBK1 (Ttbk1)                                                    |
| Alternative Name: | TTBK1 ( <a href="#">Ttbk1 Products</a> )                         |
| Background:       | Name/Gene ID: TTBK1<br>Subfamily: TTBK<br>Family: Protein Kinase |

## Target Details

Synonyms: TTBK1, BDTK, Brain-derived tau kinase, KIAA1855, RP3-330M21.4, Tau tubulin kinase 1, Tau-tubulin kinase 1

Gene ID: 84630

## Application Details

Application Notes: Approved: ELISA, IHC, WB

Usage: The applications listed have been tested for the base form of this product. Alternate forms, such as conjugated, azide-free, or ready-to-use, have not been tested.

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, no preservatives added

Preservative: Without preservative

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light.

Expiry Date: 6 months
