## Overview

|                      |                                                                                                                                                                      |
|----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                                                                                                               |
| Target:              | U2AF1                                                                                                                                                                |
| Binding Specificity: | AA 140-190                                                                                                                                                           |
| Reactivity:          | Human, Mouse, Rat, Zebrafish (Danio rerio), Chicken, Xenopus laevis                                                                                                  |
| Host:                | Rabbit                                                                                                                                                               |
| Clonality:           | Polyclonal                                                                                                                                                           |
| Conjugate:           | This U2AF1 antibody is un-conjugated                                                                                                                                 |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), Immunoprecipitation (IP),<br>Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)), Immunofluorescence (IF) |

## Product Details

|               |                                                                                                                                                                              |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                          |
| Specificity:  | Region between residue 140 and 190 of human U2 small nuclear ribonucleoprotein auxillary factor, 35-KD subunit using the numbering given in entry NP_006749.1 (GeneID 7307). |
| Purification: | Immunoaffinity purified                                                                                                                                                      |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | U2AF1                                    |
| Alternative Name: | U2AF1 ( <a href="#">U2AF1 Products</a> ) |
| Background:       | Name/Gene ID: U2AF1                      |

## Target Details

|          |                                                     |
|----------|-----------------------------------------------------|
|          | Synonyms: U2AF1, FP793, U2AF35, U2AFBP, RNU2AF1, RN |
| Gene ID: | 7307                                                |

## Application Details

|                    |                                                                                                                                                                                                                                                                                                                                                  |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: IF (1:50 - 1:250), IHC, IHC-P (1:100 - 1:500), IP (2 - 5 µg/mg lysate), WB (1:2000 - 1:10000)<br><br>Usage: Immunohistochemistry: Antigen retrieval with citrate buffer pH 6.0 is recommended for FFPE tissue sections. Human controls: Breast Carcinoma, Colon Carcinoma, Lung Adenocarcinoma, Ovarian Carcinoma, Prostate Carcinoma. |
| Comment:           | Target Species of Antibody: Human                                                                                                                                                                                                                                                                                                                |
| Restrictions:      | For Research Use only                                                                                                                                                                                                                                                                                                                            |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | Tris-buffered saline, 0.1 % BSA, 0.09 % sodium azide.                                                                  |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C                                                                                                                   |
| Storage Comment:   | Store at 2-8°C for up to 1 year.                                                                                       |
| Expiry Date:       | 12 months                                                                                                              |
