## Overview

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Quantity:            | 100 µL                                          |
| Target:              | UBE4B                                           |
| Binding Specificity: | AA 125-175                                      |
| Reactivity:          | Human, Mouse, Rat                               |
| Host:                | Rabbit                                          |
| Clonality:           | Polyclonal                                      |
| Conjugate:           | This UBE4B antibody is un-conjugated            |
| Application:         | Western Blotting (WB), Immunoprecipitation (IP) |

## Product Details

|               |                                                                                                                                     |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                 |
| Specificity:  | Region between residue 125 and 175 of human ubiquitination factor E4B using the numbering given in entry AAD02233.1 (GeneID 10277). |
| Purification: | Immunoaffinity purified                                                                                                             |

## Target Details

|                   |                                                                                                     |
|-------------------|-----------------------------------------------------------------------------------------------------|
| Target:           | UBE4B                                                                                               |
| Alternative Name: | UFD2A / UBE4B ( <a href="#">UBE4B Products</a> )                                                    |
| Background:       | Name/Gene ID: UBE4B<br><br>Synonyms: UBE4B, KIAA0684, HDNB1, Homologous to yeast UFD2, UFD2, UFD2A, |

## Target Details

Ubiquitination factor E4B, UBOX3, E4

Gene ID: 10277

## Application Details

Application Notes: Approved: IP (2 - 5 µg/mg lysate), WB (1:2000 - 1:10000)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: Tris-buffered saline, 0.1 % BSA, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C

Storage Comment: Store at 2-8°C for up to 1 year.

Expiry Date: 12 months
