## Overview

|                      |                                                            |
|----------------------|------------------------------------------------------------|
| Quantity:            | 100 µL                                                     |
| Target:              | USP5                                                       |
| Binding Specificity: | AA 75-125                                                  |
| Reactivity:          | Human, Mouse, Rat, Dog, Cow, Horse, Rabbit, Xenopus laevis |
| Host:                | Rabbit                                                     |
| Clonality:           | Polyclonal                                                 |
| Conjugate:           | This USP5 antibody is un-conjugated                        |
| Application:         | Western Blotting (WB), Immunoprecipitation (IP)            |

## Product Details

|               |                                                                                                                                                         |
|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                     |
| Specificity:  | Region between residue 75 and 125 of human ubiquitin specific peptidase 5 (isopeptidase T) using the numbering given in entry CAA62690.1 (GeneID 8078). |
| Purification: | Immunoaffinity purified                                                                                                                                 |

## Target Details

|                   |                                                                   |
|-------------------|-------------------------------------------------------------------|
| Target:           | USP5                                                              |
| Alternative Name: | USP5 ( <a href="#">USP5 Products</a> )                            |
| Background:       | Name/Gene ID: USP5<br>Subfamily: Cysteine C19<br>Family: Protease |

## Target Details

Synonyms: USP5, Deubiquitinating enzyme 5, ISOT, Isopeptidase T, Ubiquitin thiolesterase 5, Ubiquitin isopeptidase T, Ubiquitin thioesterase 5

Gene ID: 8078

## Application Details

Application Notes: Approved: IP (2 - 5 µg/mg lysate), WB (1:2000 - 1:10000)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: Tris-buffered saline, 0.1 % BSA, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C

Storage Comment: Store at 2-8°C for up to 1 year.

Expiry Date: 12 months
