

Datasheet for ABIN1948514

**anti-WDR64 antibody (AA 14-42) (FITC)**[Go to Product page](#)

## Overview

|                      |                                           |
|----------------------|-------------------------------------------|
| Quantity:            | 200 µL                                    |
| Target:              | WDR64                                     |
| Binding Specificity: | AA 14-42                                  |
| Reactivity:          | Mouse                                     |
| Host:                | Rabbit                                    |
| Clonality:           | Polyclonal                                |
| Conjugate:           | This WDR64 antibody is conjugated to FITC |
| Application:         | Western Blotting (WB), ELISA              |

## Product Details

|               |                                                                                                                                                                      |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                  |
| Specificity:  | This WDR64 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 14-42 amino acids from the N-terminal region of human WDR64. |
| Purification: | Affinity purified                                                                                                                                                    |

## Target Details

|                   |                                                                 |
|-------------------|-----------------------------------------------------------------|
| Target:           | WDR64                                                           |
| Alternative Name: | WDR64 ( <a href="#">WDR64 Products</a> )                        |
| Background:       | Name/Gene ID: WDR64<br><br>Synonyms: WDR64, WD repeat domain 64 |

## Target Details

Gene ID: 128025

## Application Details

Application Notes: Approved: ELISA, WB

Usage: The applications listed have been tested for the unconjugated form of this product.  
Other forms have not been tested.

Comment: Target Species of Antibody: Mouse

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, no preservatives added

Preservative: Without preservative

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light.

Expiry Date: 6 months
