## Overview

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Quantity:            | 100 µL                                          |
| Target:              | XPC                                             |
| Binding Specificity: | AA 890-940                                      |
| Reactivity:          | Human, Dog                                      |
| Host:                | Rabbit                                          |
| Clonality:           | Polyclonal                                      |
| Conjugate:           | This XPC antibody is un-conjugated              |
| Application:         | Western Blotting (WB), Immunoprecipitation (IP) |

## Product Details

|               |                                                                                                                                                          |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                      |
| Specificity:  | Region between residue 890 and 940 of human xeroderma pigmentosum, complementation group C using the numbering given in entry NP_004619.2 (GeneID 7508). |
| Purification: | Immunoaffinity purified                                                                                                                                  |

## Target Details

|                   |                                                               |
|-------------------|---------------------------------------------------------------|
| Target:           | XPC                                                           |
| Alternative Name: | XPC ( <a href="#">XPC Products</a> )                          |
| Background:       | Name/Gene ID: XPC<br><br>Synonyms: XPC, RAD4, XPCC, p125, XP3 |

## Target Details

|           |                                                  |
|-----------|--------------------------------------------------|
| Gene ID:  | 7508                                             |
| Pathways: | <a href="#">p53 Signaling, DNA Damage Repair</a> |

## Application Details

|                    |                                                          |
|--------------------|----------------------------------------------------------|
| Application Notes: | Approved: IP (2 - 5 µg/mg lysate), WB (1:2000 - 1:10000) |
| Comment:           | Target Species of Antibody: Human                        |
| Restrictions:      | For Research Use only                                    |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | Tris-buffered saline, 0.1 % BSA, 0.09 % sodium azide.                                                                  |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C                                                                                                                   |
| Storage Comment:   | Store at 2-8°C for up to 1 year.                                                                                       |
| Expiry Date:       | 12 months                                                                                                              |
