## anti-CHI3L2 antibody (AA 22-50) (PE)

[Go to Product page](#)

### Overview

|                      |                                                                                 |
|----------------------|---------------------------------------------------------------------------------|
| Quantity:            | 200 µL                                                                          |
| Target:              | CHI3L2                                                                          |
| Binding Specificity: | AA 22-50                                                                        |
| Reactivity:          | Human                                                                           |
| Host:                | Rabbit                                                                          |
| Clonality:           | Polyclonal                                                                      |
| Conjugate:           | This CHI3L2 antibody is conjugated to PE                                        |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC), Flow Cytometry (FACS) |

### Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                    |
| Specificity:  | This CHI3L2 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 22-50 amino acids from the N-terminal region of human CHI3L2. |
| Purification: | Protein A purified                                                                                                                                                     |

### Target Details

|                                                                                                |                                                    |
|------------------------------------------------------------------------------------------------|----------------------------------------------------|
| Target:                                                                                        | CHI3L2                                             |
| Alternative Name:                                                                              | YKL39 / CHI3L2 ( <a href="#">CHI3L2 Products</a> ) |
| Background:                                                                                    | Name/Gene ID: CHI3L2                               |
| Synonyms: CHI3L2, Chondrocyte protein 39, Chitinase 3-like 2, YKL-39, Chitinase-3-like protein |                                                    |

## Target Details

|          |          |
|----------|----------|
|          | 2, YKL39 |
| Gene ID: | 1117     |

## Application Details

|                    |                                                                                                                                 |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: ELISA, Flo, IHC, WB                                                                                                   |
|                    | Usage: The applications listed have been tested for the unconjugated form of this product.<br>Other forms have not been tested. |
| Comment:           | Target Species of Antibody: Human                                                                                               |
| Restrictions:      | For Research Use only                                                                                                           |

## Handling

|                  |                                                                                                                                |
|------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                         |
| Concentration:   | Lot specific                                                                                                                   |
| Buffer:          | PBS, no preservatives added                                                                                                    |
| Preservative:    | Without preservative                                                                                                           |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:         | 4 °C,-20 °C                                                                                                                    |
| Storage Comment: | Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light. |
| Expiry Date:     | 6 months                                                                                                                       |
