

Datasheet for ABIN1958400  
**anti-LIN28A antibody (pSer134) (PE)**

[Go to Product page](#)

## Overview

|                      |                                                                          |
|----------------------|--------------------------------------------------------------------------|
| Quantity:            | 200 µL                                                                   |
| Target:              | LIN28A                                                                   |
| Binding Specificity: | pSer134                                                                  |
| Reactivity:          | Human                                                                    |
| Host:                | Rabbit                                                                   |
| Clonality:           | Polyclonal                                                               |
| Conjugate:           | This LIN28A antibody is conjugated to PE                                 |
| Application:         | ELISA, Immunofluorescence (IF), Dot Blot (DB), Immunocytochemistry (ICC) |

## Product Details

|               |                                                                                                                                                                              |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                          |
| Specificity:  | This LIN28 Antibody is generated from rabbits immunized with a KLH conjugated synthetic phosphopeptide corresponding to amino acid residues surrounding S134 of human LIN28. |
| Purification: | Protein A purified                                                                                                                                                           |

## Target Details

|                                                                                              |                                                    |
|----------------------------------------------------------------------------------------------|----------------------------------------------------|
| Target:                                                                                      | LIN28A                                             |
| Alternative Name:                                                                            | LIN28A / LIN28 ( <a href="#">LIN28A Products</a> ) |
| Background:                                                                                  | Name/Gene ID: LIN28A                               |
| Synonyms: LIN28A, CSDD1, Lin-28 homolog (C. elegans), LIN-28, Lin-28A, LIN28, Protein lin-28 |                                                    |

## Target Details

|           |                                                                              |
|-----------|------------------------------------------------------------------------------|
|           | homolog A, Lin-28 homolog A (C. elegans), ZCCHC1, RNA-binding protein LIN-28 |
| Gene ID:  | 79727                                                                        |
| Pathways: | <a href="#">Stem Cell Maintenance</a>                                        |

## Application Details

|                    |                                                                                                                                 |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: DB, ELISA, ICC, IF                                                                                                    |
|                    | Usage: The applications listed have been tested for the unconjugated form of this product.<br>Other forms have not been tested. |
| Comment:           | Target Species of Antibody: Human                                                                                               |
| Restrictions:      | For Research Use only                                                                                                           |

## Handling

|                  |                                                                                                                                |
|------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                         |
| Concentration:   | Lot specific                                                                                                                   |
| Buffer:          | PBS, no preservatives added                                                                                                    |
| Preservative:    | Without preservative                                                                                                           |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:         | 4 °C, -20 °C                                                                                                                   |
| Storage Comment: | Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light. |
| Expiry Date:     | 6 months                                                                                                                       |
