## Overview

|              |                                                                                                                                                                                                |
|--------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Quantity:    | 100 µL                                                                                                                                                                                         |
| Target:      | SSB                                                                                                                                                                                            |
| Reactivity:  | Human, Dog, Monkey                                                                                                                                                                             |
| Host:        | Mouse                                                                                                                                                                                          |
| Clonality:   | Monoclonal                                                                                                                                                                                     |
| Conjugate:   | This SSB antibody is un-conjugated                                                                                                                                                             |
| Application: | Western Blotting (WB), Immunohistochemistry (IHC), Immunofluorescence (IF),<br>Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)), Immunoprecipitation (IP), Flow<br>Cytometry (FACS) |

## Product Details

|               |                                                                                                                          |
|---------------|--------------------------------------------------------------------------------------------------------------------------|
| Brand:        | IHC-plus™                                                                                                                |
| Immunogen:    | Protein expressed in 293T cell transfected with human SSB expression vector.<br><br>Type of Immunogen: Transfected Cells |
| Clone:        | 9D6                                                                                                                      |
| Isotype:      | IgG3                                                                                                                     |
| Specificity:  | Human SSB / La                                                                                                           |
| Purification: | Protein A/G purified                                                                                                     |

## Target Details

|                   |                                                                                                                                                                    |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | SSB                                                                                                                                                                |
| Alternative Name: | SSB / La ( <a href="#">SSB Products</a> )                                                                                                                          |
| Background:       | Name/Gene ID: SSB<br><br>Synonyms: SSB, Autoantigen La, La, La ribonucleoprotein, Lupus La antigen, SS-B, SS-B/La protein, La autoantigen, LARP3, Lupus La protein |
| Gene ID:          | 6741                                                                                                                                                               |

## Application Details

|                    |                                                                                                                                                      |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: Flo (1:100), IF (1:50 - 1:100), IHC, IHC-P (10 µg/mL), IP, WB (1:1000 - 1:2000)<br><br>Usage: Concentration: 0.5-1.0 mg/mL (Lot dependent) |
| Comment:           | Target Species of Antibody: Human                                                                                                                    |
| Restrictions:      | For Research Use only                                                                                                                                |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, pH 7.3, 1 % BSA, 50 % glycerol, 0.02 % sodium azide                                                               |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Handling Advice:   | Minimize freezing and thawing.                                                                                         |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Store at -20°C. Avoid freeze-thaw cycles.                                                                              |

#### Immunohistochemistry

**Image 1.** Anti-SSB / La antibody IHC staining of human colon. Immunohistochemistry of formalin-fixed, paraffin-embedded tissue after heat-induced antigen retrieval. Antibody concentration 10 ug/ml.
