

Datasheet for ABIN1964887

**anti-DAPK2 antibody (AA 40-70) (APC)**[Go to Product page](#)

## Overview

|                      |                                                                                 |
|----------------------|---------------------------------------------------------------------------------|
| Quantity:            | 200 µL                                                                          |
| Target:              | DAPK2                                                                           |
| Binding Specificity: | AA 40-70                                                                        |
| Reactivity:          | Human, Mouse                                                                    |
| Host:                | Rabbit                                                                          |
| Clonality:           | Polyclonal                                                                      |
| Conjugate:           | This DAPK2 antibody is conjugated to APC                                        |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC), Flow Cytometry (FACS) |

## Product Details

|               |                                                                                                                                                                      |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                  |
| Specificity:  | This DAPK2 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 40-70 amino acids from the N-terminal region of human DAPK2. |
| Purification: | Protein G purified                                                                                                                                                   |

## Target Details

|                   |                                                                  |
|-------------------|------------------------------------------------------------------|
| Target:           | DAPK2                                                            |
| Alternative Name: | DAPK2 / DRP1 ( <a href="#">DAPK2 Products</a> )                  |
| Background:       | Name/Gene ID: DAPK2<br>Subfamily: DAPK<br>Family: Protein Kinase |

## Target Details

Synonyms: DAPK2, DAP-kinase-related protein 1, DRP-1, DRP1, DAP kinase 2

Gene ID: 23604

## Application Details

Application Notes: Approved: ELISA, Flo, IHC, WB

Usage: The applications listed have been tested for the unconjugated form of this product.  
Other forms have not been tested.

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, pH 7.2, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C,-20 °C

Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light.

Expiry Date: 6 months
