	N/P	r\/	i⊢₩

Quantity:	200 μL
Target:	DERA
Binding Specificity:	AA 12-41
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This DERA antibody is conjugated to Biotin
Application:	Western Blotting (WB), ELISA
Product Details	
Isotype:	IgG
Isotype: Specificity:	IgG This DERA antibody is generated from rabbits immunized with a KLH conjugated synthetic
	This DERA antibody is generated from rabbits immunized with a KLH conjugated synthetic
Specificity: Purification:	This DERA antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 12-41 amino acids from the N-terminal region of human DERA.
Specificity:	This DERA antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 12-41 amino acids from the N-terminal region of human DERA.
Specificity: Purification:	This DERA antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 12-41 amino acids from the N-terminal region of human DERA.
Specificity: Purification: Target Details	This DERA antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 12-41 amino acids from the N-terminal region of human DERA. Immunoaffinity purified
Specificity: Purification: Target Details Target:	This DERA antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 12-41 amino acids from the N-terminal region of human DERA. Immunoaffinity purified DERA
Specificity: Purification: Target Details Target: Alternative Name:	This DERA antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 12-41 amino acids from the N-terminal region of human DERA. Immunoaffinity purified DERA DERA DERA (DERA Products)

Target Details 51071 Gene ID: **Application Details** Approved: ELISA, WB Application Notes: Usage: The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested. Target Species of Antibody: Human Comment: Restrictions: For Research Use only Handling Liquid Format: Concentration: Lot specific Buffer: PBS, pH 7.2, 0.09 % sodium azide. Preservative: Sodium azide Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. Handling Advice: Aliquot to avoid repeated freezing and thawing. Storage: 4 °C,-20 °C Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-

thaw cycles. Protect from light.

6 months

Expiry Date:
