

Datasheet for ABIN1969260

**anti-Aspartyl Aminopeptidase antibody (AA 38-65) (Biotin)**[Go to Product page](#)

## Overview

|                      |                                                               |
|----------------------|---------------------------------------------------------------|
| Quantity:            | 200 µL                                                        |
| Target:              | Aspartyl Aminopeptidase (DNPEP)                               |
| Binding Specificity: | AA 38-65                                                      |
| Reactivity:          | Human                                                         |
| Host:                | Rabbit                                                        |
| Clonality:           | Polyclonal                                                    |
| Conjugate:           | This Aspartyl Aminopeptidase antibody is conjugated to Biotin |
| Application:         | ELISA, Western Blotting (WB)                                  |

## Product Details

|               |                                                                                                                                                                      |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                  |
| Specificity:  | This DNPEP antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 38-65 amino acids from the N-terminal region of human DNPEP. |
| Purification: | Protein A purified                                                                                                                                                   |

## Target Details

|                   |                                                                                |
|-------------------|--------------------------------------------------------------------------------|
| Target:           | Aspartyl Aminopeptidase (DNPEP)                                                |
| Alternative Name: | DNPEP ( <a href="#">DNPEP Products</a> )                                       |
| Background:       | Name/Gene ID: DNPEP<br>Subfamily: Metallopeptidase M18<br>Family: Exopeptidase |

## Target Details

|          |                                                 |
|----------|-------------------------------------------------|
|          | Synonyms: DNPEP, ASPEP, Aspartyl aminopeptidase |
| Gene ID: | 23549                                           |

## Application Details

|                    |                                                                                                                                 |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: ELISA, WB                                                                                                             |
|                    | Usage: The applications listed have been tested for the unconjugated form of this product.<br>Other forms have not been tested. |
| Comment:           | Target Species of Antibody: Human                                                                                               |
| Restrictions:      | For Research Use only                                                                                                           |

## Handling

|                  |                                                                                                                                |
|------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                         |
| Concentration:   | Lot specific                                                                                                                   |
| Buffer:          | PBS, no preservatives added                                                                                                    |
| Preservative:    | Without preservative                                                                                                           |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:         | 4 °C,-20 °C                                                                                                                    |
| Storage Comment: | Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light. |
| Expiry Date:     | 6 months                                                                                                                       |
