

Datasheet for ABIN1970864

**anti-CLEC16A antibody (AA 365-391) (FITC)**[Go to Product page](#)

## Overview

|                      |                                             |
|----------------------|---------------------------------------------|
| Quantity:            | 200 µL                                      |
| Target:              | CLEC16A                                     |
| Binding Specificity: | AA 365-391                                  |
| Reactivity:          | Human                                       |
| Host:                | Rabbit                                      |
| Clonality:           | Polyclonal                                  |
| Conjugate:           | This CLEC16A antibody is conjugated to FITC |
| Application:         | ELISA, Western Blotting (WB)                |

## Product Details

|               |                                                                                                                                                                         |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                     |
| Specificity:  | This CLEC16A antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 365-391 amino acids from the Central region of human CLEC16A. |
| Purification: | Affinity purified                                                                                                                                                       |

## Target Details

|                   |                                                         |
|-------------------|---------------------------------------------------------|
| Target:           | CLEC16A                                                 |
| Alternative Name: | CLEC16A / KIAA0350 ( <a href="#">CLEC16A Products</a> ) |
| Background:       | Name/Gene ID: CLEC16A                                   |
|                   | Synonyms: CLEC16A, KIAA0350, Gop-1, Protein CLEC16A     |

## Target Details

Gene ID: 23274

## Application Details

Application Notes: Approved: ELISA, WB

Usage: The applications listed have been tested for the unconjugated form of this product.  
Other forms have not been tested.

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, pH 7.2, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light.

Expiry Date: 6 months
