

Datasheet for ABIN1972050

**anti-ASNA1 antibody (AA 284-312) (HRP)**[Go to Product page](#)

## Overview

|                      |                                          |
|----------------------|------------------------------------------|
| Quantity:            | 200 µL                                   |
| Target:              | ASNA1                                    |
| Binding Specificity: | AA 284-312                               |
| Reactivity:          | Human                                    |
| Host:                | Rabbit                                   |
| Clonality:           | Polyclonal                               |
| Conjugate:           | This ASNA1 antibody is conjugated to HRP |
| Application:         | Western Blotting (WB), ELISA             |

## Product Details

|               |                                                                                                                                                                      |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                  |
| Specificity:  | This ARSA antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 284-312 amino acids from the C-terminal region of human ARSA. |
| Purification: | Affinity purified                                                                                                                                                    |

## Target Details

|                   |                                                                                          |
|-------------------|------------------------------------------------------------------------------------------|
| Target:           | ASNA1                                                                                    |
| Alternative Name: | ASNA1 ( <a href="#">ASNA1 Products</a> )                                                 |
| Background:       | Name/Gene ID: ASNA1<br>Subfamily: Arsenite resistance efflux pump<br>Family: Transporter |

## Target Details

Synonyms: ASNA1, Arsenical pump-driving ATPase, ASNA-I, ARSA-I, ARSA1, Arsenite-stimulated ATPase, ATPase ASNA1, Golgi to ER traffic 3 homolog, HARSA-1, GET3, HASNA-1, HASNA-I, TRC40, Arsenite-translocating ATPase, HARSA-I

Gene ID: 439

Pathways: [Positive Regulation of Peptide Hormone Secretion](#)

## Application Details

Application Notes: Approved: ELISA, WB

Usage: The applications listed have been tested for the base form of this product. Alternate forms, such as conjugated, azide-free, or ready-to-use, have not been tested.

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, no preservatives added

Preservative: Without preservative

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: Short term: store at 4°C. Long term: aliquot and store -20°C for up to 6 months. Avoid freeze-thaw cycles. Protect from light.

Expiry Date: 6 months
