## Overview

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Quantity:            | 100 µL                                          |
| Target:              | ATL3                                            |
| Binding Specificity: | AA 350-400                                      |
| Reactivity:          | Human, Mouse, Rat, Guinea Pig, Dog, Rabbit      |
| Host:                | Rabbit                                          |
| Clonality:           | Polyclonal                                      |
| Conjugate:           | This ATL3 antibody is un-conjugated             |
| Application:         | Western Blotting (WB), Immunoprecipitation (IP) |

## Product Details

|               |                                                                                                                              |
|---------------|------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                          |
| Specificity:  | Region between residue 350 and 400 of human Atlantin GTPase 3 using the numbering given in entry NP_056274.3 (GeneID 25923). |
| Purification: | Immunoaffinity purified                                                                                                      |

## Target Details

|                                                                          |                                        |
|--------------------------------------------------------------------------|----------------------------------------|
| Target:                                                                  | ATL3                                   |
| Alternative Name:                                                        | ATL3 ( <a href="#">ATL3 Products</a> ) |
| Background:                                                              | Name/Gene ID: ATL3                     |
| Synonyms: ATL3, Atlantin GTPase 3, Atlantin-3, DKFZP564J0863, Atlantin 3 |                                        |

## Target Details

Gene ID: 25923

## Application Details

Application Notes: Approved: IP (2 - 10 µg/mg lysate), WB (1:2000 - 1:10000)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: Tris-buffered saline, 0.1 % BSA, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C

Storage Comment: Store at 2-8°C for up to 1 year.

Expiry Date: 12 months
