## Overview

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Quantity:            | 100 µL                                          |
| Target:              | Spindly (SPDL1)                                 |
| Binding Specificity: | AA 475-525                                      |
| Reactivity:          | Human, Monkey                                   |
| Host:                | Rabbit                                          |
| Clonality:           | Polyclonal                                      |
| Conjugate:           | This Spindly antibody is un-conjugated          |
| Application:         | Western Blotting (WB), Immunoprecipitation (IP) |

## Product Details

|               |                                                                                                                                                       |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                   |
| Specificity:  | Region between residue 475 and 525 of human SPINDLY (coiled-coil domain containing 99) using the numbering given in entry NP_060255.2 (GeneID 54908). |
| Purification: | Immunoaffinity purified                                                                                                                               |

## Target Details

|                   |                                                    |
|-------------------|----------------------------------------------------|
| Target:           | Spindly (SPDL1)                                    |
| Alternative Name: | SPDL1 / CCDC99 ( <a href="#">SPDL1 Products</a> )  |
| Background:       | Name/Gene ID: SPDL1<br><br>Synonyms: SPDL1, CCDC99 |

## Target Details

Gene ID: 54908

## Application Details

Application Notes: Approved: IP (2 - 5 µg/mg lysate), WB (1:2000 - 1:10000)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: Tris-buffered saline, 0.1 % BSA, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C

Storage Comment: Store at 2-8°C for up to 1 year.

Expiry Date: 12 months
