## Overview

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Quantity:            | 50 µg                                           |
| Target:              | Intrinsic Factor (GIF)                          |
| Binding Specificity: | AA 19-417                                       |
| Reactivity:          | Human                                           |
| Host:                | Sheep                                           |
| Clonality:           | Polyclonal                                      |
| Conjugate:           | This Intrinsic Factor antibody is un-conjugated |
| Application:         | Western Blotting (WB)                           |

## Product Details

|                  |                                 |
|------------------|---------------------------------|
| Immunogen:       | AA 19-417                       |
| Isotype:         | IgG                             |
| Characteristics: | Polyclonal Sheep anti Human GIF |

## Target Details

|                   |                                      |
|-------------------|--------------------------------------|
| Target:           | Intrinsic Factor (GIF)               |
| Alternative Name: | GIF ( <a href="#">GIF Products</a> ) |
| UniProt:          | <a href="#">P27352</a>               |

Application Details

|                    |                                                                                 |
|--------------------|---------------------------------------------------------------------------------|
| Application Notes: | Optimal dilutions should be determined by each laboratory for each application. |
| Restrictions:      | For Research Use only                                                           |

Handling

|                 |                                                    |
|-----------------|----------------------------------------------------|
| Format:         | Lyophilized                                        |
| Reconstitution: | 100 µL of PBS, pH 7.4                              |
| Concentration:  | 500 µg/mL                                          |
| Buffer:         | Lyophilized from a solution containing PBS, pH 7.4 |
| Storage:        | -20 °C                                             |
