## Overview

|                      |                                       |
|----------------------|---------------------------------------|
| Quantity:            | 50 µg                                 |
| Target:              | LILRA5                                |
| Binding Specificity: | AA 42-268                             |
| Reactivity:          | Human                                 |
| Host:                | Sheep                                 |
| Clonality:           | Polyclonal                            |
| Conjugate:           | This LILRA5 antibody is un-conjugated |
| Application:         | Flow Cytometry (FACS)                 |

## Product Details

|                  |                                   |
|------------------|-----------------------------------|
| Immunogen:       | AA 42-268                         |
| Isotype:         | IgG                               |
| Characteristics: | Polyclonal Sheep anti Human ILT11 |

## Target Details

|                   |                                           |
|-------------------|-------------------------------------------|
| Target:           | LILRA5                                    |
| Alternative Name: | ILT11 ( <a href="#">LILRA5 Products</a> ) |
| UniProt:          | <a href="#">A6NI73</a>                    |

Application Details

|                    |                                                                                 |
|--------------------|---------------------------------------------------------------------------------|
| Application Notes: | Optimal dilutions should be determined by each laboratory for each application. |
| Restrictions:      | For Research Use only                                                           |

Handling

|                 |                                                    |
|-----------------|----------------------------------------------------|
| Format:         | Lyophilized                                        |
| Reconstitution: | 100 µL of PBS, pH 7.4                              |
| Concentration:  | 500 µg/mL                                          |
| Buffer:         | Lyophilized from a solution containing PBS, pH 7.4 |
| Storage:        | -20 °C                                             |
