**anti-Ubiquilin 1 antibody (AA 546-585)**[Go to Product page](#)

## Overview

|                      |                                            |
|----------------------|--------------------------------------------|
| Quantity:            | 50 µg                                      |
| Target:              | Ubiquilin 1 (UBQLN1)                       |
| Binding Specificity: | AA 546-585                                 |
| Reactivity:          | Human                                      |
| Host:                | Sheep                                      |
| Clonality:           | Polyclonal                                 |
| Conjugate:           | This Ubiquilin 1 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                      |

## Product Details

|                  |                                         |
|------------------|-----------------------------------------|
| Immunogen:       | AA 546-585                              |
| Isotype:         | IgG                                     |
| Characteristics: | Polyclonal Sheep anti Human Ubiquilin 1 |

## Target Details

|                   |                                                 |
|-------------------|-------------------------------------------------|
| Target:           | Ubiquilin 1 (UBQLN1)                            |
| Alternative Name: | Ubiquilin 1 ( <a href="#">UBQLN1 Products</a> ) |
| UniProt:          | <a href="#">Q9UMX0</a>                          |

Application Details

|                    |                                                                                 |
|--------------------|---------------------------------------------------------------------------------|
| Application Notes: | Optimal dilutions should be determined by each laboratory for each application. |
| Restrictions:      | For Research Use only                                                           |

Handling

|                 |                                                    |
|-----------------|----------------------------------------------------|
| Format:         | Lyophilized                                        |
| Reconstitution: | 100 µL of PBS, pH 7.4                              |
| Concentration:  | 500 µg/mL                                          |
| Buffer:         | Lyophilized from a solution containing PBS, pH 7.4 |
| Storage:        | -20 °C                                             |
