## Overview

|                      |                                       |
|----------------------|---------------------------------------|
| Quantity:            | 50 µg                                 |
| Target:              | CARD11                                |
| Binding Specificity: | AA 263-442                            |
| Reactivity:          | Mouse                                 |
| Host:                | Sheep                                 |
| Clonality:           | Polyclonal                            |
| Conjugate:           | This CARD11 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                 |

## Product Details

|                  |                                             |
|------------------|---------------------------------------------|
| Immunogen:       | AA 263-442                                  |
| Isotype:         | IgG                                         |
| Characteristics: | Polyclonal Sheep anti Mouse CARD11 / CARMA1 |

## Target Details

|                   |                                                                                                                       |
|-------------------|-----------------------------------------------------------------------------------------------------------------------|
| Target:           | CARD11                                                                                                                |
| Alternative Name: | CARD11 / CARMA1 ( <a href="#">CARD11 Products</a> )                                                                   |
| UniProt:          | <a href="#">Q9BXL7</a>                                                                                                |
| Pathways:         | <a href="#">TCR Signaling</a> , <a href="#">Fc-epsilon Receptor Signaling Pathway</a> , <a href="#">BCR Signaling</a> |

Application Details

|                    |                                                                                 |
|--------------------|---------------------------------------------------------------------------------|
| Application Notes: | Optimal dilutions should be determined by each laboratory for each application. |
| Restrictions:      | For Research Use only                                                           |

Handling

|                 |                                                    |
|-----------------|----------------------------------------------------|
| Format:         | Lyophilized                                        |
| Reconstitution: | 100 µL of PBS, pH 7.4                              |
| Concentration:  | 500 µg/mL                                          |
| Buffer:         | Lyophilized from a solution containing PBS, pH 7.4 |
| Storage:        | -20 °C                                             |
