## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 100 µg                              |
| Target:              | XCL1                                |
| Binding Specificity: | AA 22-114                           |
| Reactivity:          | Mouse                               |
| Host:                | Rat                                 |
| Clonality:           | Monoclonal                          |
| Conjugate:           | This XCL1 antibody is un-conjugated |
| Application:         | Western Blotting (WB)               |

## Product Details

|                  |                                |
|------------------|--------------------------------|
| Immunogen:       | AA 22-114                      |
| Clone:           | RM0361-29B12                   |
| Isotype:         | IgG2                           |
| Characteristics: | Rat monoclonal anti mouse XCL1 |

## Target Details

|                   |                                                                                                                                                                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | XCL1                                                                                                                                                                                                                                              |
| Alternative Name: | XCL1 ( <a href="#">XCL1 Products</a> )                                                                                                                                                                                                            |
| Pathways:         | <a href="#">Regulation of Leukocyte Mediated Immunity</a> , <a href="#">Positive Regulation of Immune Effector Process</a> , <a href="#">Production of Molecular Mediator of Immune Response</a> , <a href="#">Activated T Cell Proliferation</a> |

## Application Details

|                    |                                                                                 |
|--------------------|---------------------------------------------------------------------------------|
| Application Notes: | Optimal dilutions should be determined by each laboratory for each application. |
| Restrictions:      | For Research Use only                                                           |

## Handling

|                 |                                                    |
|-----------------|----------------------------------------------------|
| Format:         | Lyophilized                                        |
| Reconstitution: | 200 µL of PBS, pH 7.4                              |
| Concentration:  | 500 µg/mL                                          |
| Buffer:         | Lyophilized from a solution containing PBS, pH 7.4 |
| Storage:        | -20 °C                                             |
