## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 0.1 mg                               |
| Target:              | RDH11                                |
| Binding Specificity: | C-Term                               |
| Reactivity:          | Mouse                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This RDH11 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

## Product Details

|               |                                                                                                                                                              |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Synthetic peptide from mouse RDH11.<br><br>Type of Immunogen: Synthetic peptide                                                                              |
| Specificity:  | Synthetic peptide corresponding to C-terminal residues of mouse short-chain aldehyde dehydrogenase, androgen-regulated short-chain dehydrogenase/reductase 1 |
| Purification: | Immunoaffinity purified                                                                                                                                      |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | RDH11                                    |
| Alternative Name: | RDH11 ( <a href="#">RDH11 Products</a> ) |
| Background:       | Name/Gene ID: RDH11                      |

## Target Details

---

Synonyms: RDH11, ARSDR1, CGI82, HCBP12, MDT1, RALR1, Retinol dehydrogenase 11, PSDR1, Retinal reductase 1, SCALD, SDR7C1

Gene ID: 51109

UniProt: [Q8TC12](#)

## Application Details

---

Application Notes: Approved: ELISA (1 µg/mL), WB (1 µg/mL)

Comment: Target Species of Antibody: Mouse

Restrictions: For Research Use only

## Handling

---

Format: Liquid

Concentration: Lot specific

Buffer: PBS, 0.01 % sodium azide, 50 % glycerol.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.
